80%	70%	40%	20%	20%	20%

Forecast for Thursday 03 Sep 2020

Weather: It will be a rather wet morning with periods of rain, however much drier and brighter conditions should arrive by late morning. It will remain generally dry with occasional sunny spells during the afternoon and evening and it will feel pleasantly warm in the sunshine. It will be a rather breezy day, with the winds especially strong during the morning.

Chance of cloud free mountain/hill tops above 600m: Around 30% during the morning with extensive cloud above 400-500m, slowly improving to 80% or more by midday as the cloud rises and breaks to around 800-900m.

Visibility: Poor during the rain, improving to become very good with excellent visibility making distant hills clear to see by the afternoon.
